Certified Business Intelligence Professional

tdwi.org/cbip

TDWI's Certified Business Intelligence

Professional (CBIP) is the business intelligence and data management

industry's most meaningful

and credible certification program.

Get recognized as an industry leader.

Distinguishing yourself in your career can be a difficult, yet rewarding task. TDWI's CBIP program will help you define, establish, and set yourself apart professionally with a meaningful BI certification credential.

CBIP status makes a strong statement that you are among the leaders in the industry—up to date with BI technologies, knowledgeable about best practices and state-of-the-art solutions, and at the leading edge of emerging trends. Let your résumé show that your in-depth knowledge has been certified by TDWI, the industry's premier provider of business intelligence education.

Get ahead of the competition.

CBIP CERTIFICATION BENEFITS

- **SALARY.** Current surveys demonstrate that CBIP-certified professionals enjoy higher salaries.
- **OPPORTUNITY.** Today's hiring managers and recruiters take certification seriously.
- **CREDIBILITY.** The rigorous examination process ensures that CBIP is the industry standard.
- **VERSATILITY.** The credential validates advanced technical knowledge without ties to a specific vendor or product.
- **RECOGNITION.** Have your BI expertise confirmed by a recognized industry organization.
- **SPECIALIZATION.** CBIP recognizes your experience in distinct skill areas, which helps employers confidently match your skills to their job requirements.
- **VALIDATION.** CBIP goes beyond conceptual and theoretical knowledge, demanding real-world experience and the demonstrated ability to apply your skills.
- **CONNECTIONS.** Get in touch with other CBIPs and keep learning through TDWI's events and social networks.

“CBIP is one of the most globally recognized business intelligence certifications for information management leads. It demonstrates that you have the maturity, skills, and experience required to architect and lead business intelligence projects.”

*Ewen Plougastel, CBIP
IM Senior Manager, Business Intelligence, Analytics, and Big Data*

1

Is CBIP Right for You?

The CBIP program is designed for senior-level information systems, business analytics, and technology professionals in the business intelligence industry.

Professional experience and education that can help determine if CBIP is right for you:

- Two or more years of full-time direct experience in computer information systems, data modeling, data planning, data definitions, metadata systems development, enterprise resource planning, systems analysis, application development and programming, information technology management, or business management.
- BA or MA in information systems, computer science, accounting, business administration, engineering, mathematics, sciences, or statistics.
- A desire to advance your career and set yourself apart

“I was looking for a credible, platform-agnostic certification that would introduce me to fundamental concepts in DW and BI in a structured way. I also needed the certification to attest that I possessed a marketable skill.”

Trevor Wood, CBIP
System Architect, Financial & BI Systems
CIBC FirstCaribbean

? How do I identify my specialty area?
Read the descriptions under “Identify Your Specialty Area” below. Do any of them sound like your area of expertise? Select the exams you need to take based on your identified specialty area.

Still have questions about where your skills fit in? Contact us at cbip@tdwi.org.

2

Identify Your Specialty Area

CBIP offers four recognized industry specialty areas to validate your skills and experience. The exams you take will be based on the specialty area(s) you select.

- **BUSINESS INTELLIGENCE & ANALYTICS:** Understanding of both business and technical topics: concepts of performance management, business metrics definition and delivery, data visualization, and deployment and use of technology solutions such as OLAP, dashboards, scorecards, analytic applications, and data mining.
- **DATA MANAGEMENT:** Analysis concentrates on understanding business needs, and design translates needs into data structures. Skills include analysis, business metrics specification, and relational and dimensional modeling, as well as an understanding of data warehousing concepts, architectures, and processes.
- **DATA INTEGRATION & INTEROPERABILITY:** Proficiency in acquiring, transforming, and cleansing data. Mastery of concepts and skills for source data analysis and source qualification, data profiling, source/target mapping, data cleansing and transformation, and ETL development.
- **MANAGEMENT – IS/IT:** Requires deep process knowledge, including development methodology, program and project management, as well as organizational and team-building skills. An understanding of business topics such as BPM, CRM, and SCM is also needed.

TDWI Onsite Education
Your Location, Your Team, Our Instructors

If you have a team or group of individuals seeking CBIP certification, consider TDWI Onsite Education. Our instructors will bring the exam prep courses, any extra education, and the examinations right to your conference room with a training package tailored to your team’s needs. You’ll accelerate the certification process and improve overall exam performance—without incurring travel expenses or sending staff out of the office.

TDWI Onsite Education
Email: onsite@tdwi.org
Web: tdwi.org/onsite

3

Identify Your Exams

CBIP certification requires passing three exams. The Data Foundations exam is required. You may select either the Business Core or Information Systems Core as your second exam. To complete your certification, you must also select at least one specialty area exam. Many people become certified in several specialty areas by taking additional exams.

Certification requires passing THREE exams:

SELECT TWO MANDATORY EXAMS

- Information Systems Core
- Data Foundations*
- Business Core

AND ONE SPECIALTY EXAM

- Business Intelligence and Analytics
- Data Management
- Data Integration and Interoperability
- Management – IS/IT

* Required mandatory exam

CBIPs earn an average salary of \$120,851. Annual salary tends to increase with the addition of more certificates. For example, those with three earned an average of \$118,468 in 2015.

4

Prepare for Your Exams

If you’re one of the few who possesses a wealth of knowledge and experience—both broad and deep—you can take the exams without any preparation. However, the exams are rigorous, and TDWI recommends that you take time to prepare. We offer resources that can help.

- **CBIP EXAM GUIDE:** The CBIP Exam Guide contains detailed exam outlines, reference reading lists, sample exam questions, and answer explanations for each exam included in the CBIP program. The guide will help you identify areas where additional study and/or work experience may be necessary. Visit tdwi.org/cbip to purchase the guide and get started.
- **EXAM PREPARATION COURSES:** In addition to many CBIP-friendly courses, TDWI offers dedicated preparation courses for each CBIP exam. Prep courses can improve exam scores, and are designed for veterans and novices alike to provide an interactive and informative review just prior to testing. Test preparation includes discussion, review of concepts, terminology, and sample exam questions.

? Did you know?
TDWI offers CBIP-related courses through the following education opportunities:

- TDWI Education Conferences
- TDWI Online Learning
- TDWI Onsite Education

5

Take Your Exams

There are three ways to take CBIP exams:

1. At TDWI Education Conferences (tdwi.org/education)
2. TDWI Onsite Education (tdwi.org/onsite)
3. Individual exams remotely proctored over the internet. Candidates must have a computer with high-speed internet, a webcam, and audio capability. Contact cbip@tdwi.org to schedule your session.

Length of Exams and Scoring

Each exam is 110 questions long with a time limit of 1.5 hours. Exam questions are multiple choice and are “straight-line,” which means the answer to one question does not affect the next question. Scores are available immediately.

Certification Levels

- **PRACTITIONER LEVEL:** Score 50 percent (50%) or higher on each of three exams. Practitioner Level certification demonstrates a working knowledge of concepts, skills, and techniques within a specialty, as well as the ability to assume leadership responsibilities at both the project and program levels.
- **MASTERY LEVEL:** Score 70 percent (70%) or higher on each of three exams. Mastery Level professionals have mastered concepts, skills, and best practices within a specialty. They have the ability to lead a team effectively at the project and program levels, and have the skills to mentor others.

Connect with us

- **Instagram:** @tdwilive

6

Keep Your CBIP Current

Don’t let your certification lapse!

Your certification is valid for four years. After this initial period, it must be renewed every three years. Recertification requires proof of 120 credit hours of continuing education earned since the last renewal. In addition, an annual fee of \$125 is due to ICCP after the first year. tdwi.org/cbip/recertification

Keep learning with TDWI

- **TDWI EVENTS:** Gain knowledge by attending TDWI Conferences, Executive Summits, and Seminars. tdwi.org/education
- **TDWI ONSITE EDUCATION:** Accelerate the CBIP certification process for your team with a customized training package delivered right to your company location. tdwi.org/onsite
- **CBIP ON LINKEDIN:** Join the CBIP group on LinkedIn, the hottest social networking site for professionals. tdwi.org/linkedin/cbip
- **CHAPTERS:** Join a TDWI Chapter in your area. tdwi.org/chapters
- **TDWI PREMIUM MEMBERSHIP:** Stay on the cutting edge with TDWI’s exclusive research and publications. tdwi.org/membership
