Transforming Education Through Technology

THE Journal is the premier resource for senior-level decision-makers in education technology at the school, district and state level.
ABOUT THE JOURNAL

THE Journal covers all aspects of the massive and ever-expanding K–12 education technology sector; readers include senior-level district and school administrators, IT administration and instructional technologists who make decisions and influence technology purchases for their districts, schools and classrooms.

THE Journal is the premier resource for insights into best practices for technology implementations, research into technology practices, in-depth feature articles, guidance on the latest ed tech trends and careful analysis of policy issues. Through our extensive portfolio of digital media, tens of thousands of influential ed tech leaders stay informed on the critical topics of the day.
