

Sales tax is hard. Avalara makes it easy.

Agile, successful companies focus on their core business and outsource complex, administrative functions – such as payroll and sales tax management – to the experts.

Avalara is the leading provider of cloud-based sales and use tax management solutions. Avalara's end-to-end offering is seamlessly integrated and Certified for Microsoft Dynamics (CfMD). It's the fastest, easiest, most accurate and affordable way to calculate sales tax; manage exemption certificates; file returns; and remit payments across multiple tax regions. Our tax decision engine determines rates based on 100,000+ taxability rules in 11,000+ taxing jurisdictions and instantly applies them to each transaction, all within your Dynamics ERP system.

End-to-end sales tax compliance.
